ELECTRIC POWER AGGREGATION PLAN OF OPERATION AND GOVERNANCE

DRAFT

OCTOBER 2012

VILLAGE of CAROL STREAM

Electric Power Aggregation Plan of Operation and Governance

I. INTRODUCTION

Public Act 96-1076 amended the Illinois Power Agreement Act by adding Section 1-92 to Chapter 20, Act 3855 of the Illinois Compiled Statutes ("the Act") and allowed the Corporate Authorities of a municipality to adopt an ordinance in accordance with the Act to aggregate electrical loads for residential and small commercial retail customers within the corporate limits of the Village on an opt-out or opt-in program. The Act further authorized a municipality to select suppliers of retail electric supply, solicit bids and enter into service agreements to facilitate the sale and purchase of electricity and related services. The legislation authorized the Illinois Power Agency ("IPA") to assist a municipality in developing a plan of operation and governance.

Large industrial and commercial consumers with sophisticated electric operations use their size and expertise to obtain lower electric power rates. Individual residential and small commercial retail consumers are typically unable to obtain significant price reductions since they lack the same bargaining power, expertise and the economies of scale enjoyed by larger consumers. Aggregation, the combining of multiple electric loads, provides the benefits of retail electric competition for consumers with lower electric usage.

Municipal aggregation, the combining of multiple retail electric loads of customers by a municipality, provides the means through which municipal residential and small commercial retail customers may obtain economic benefits of Illinois' competitive retail electric market. The Village of Carol Stream Aggregation Program combines the electric loads of residential and small commercial retail customers to form a buying group ("Aggregation Group"). The Village of Carol Stream ("Village") will act as purchasing agent for the Aggregation Group. Therefore, the Village of Carol Stream will be a Municipal or Governmental Aggregator, as described by Illinois law and the rules established by authorized agencies, and shall act on behalf of its residents in the Village to obtain the best Aggregation Program for the Members of the Aggregation Group.

II. PROCESS

On November 6, 2012, in accordance with the requirements of the Act, Carol Stream voters approved a referendum to operate an Aggregation Program as an "opt-out" program. Under an opt-out program, all ComEd residential and small commercial retail customers in the Village are automatically included as participants in the Program unless they opt-out of the Program by providing written notice of their intention not to participate as a part of the Aggregation Group. As required by State law, the Corporate Authorities of the Village duly passed an Ordinance which authorized submitting to the Village's electorate the determination whether or not the Aggregation Program shall operate as an opt-out program. Following approval of the referendum by the electorate, the Village will pass a Resolution on November 19, 2012 authorizing the Village to aggregate electric loads for residential and small commercial retail customers in the Village and implement an opt-out program.

In addition to passing the required resolution by the Corporate Authorities, the Village may also be required to comply with various rules and regulations established by authorized agencies

of the State of Illinois. The Village will promptly file any application and comply with any applicable rules and regulations that may be required by Illinois law for certification as a Municipal Aggregator and to operate the Aggregation Program under the Act. As required by the Act, the Corporate Authorities developed and approved this Aggregation Plan of Operation and Governance ("Plan"). Before adopting this Plan and as required by the Act, the Corporate Authorities duly published a notice in the *Carol Stream Examiner*, a newspaper of general circulation in the Village, of public hearings to be held on Monday, October 15, 2012 and Monday, November 5th at 6:30 o'clock P.M. The public hearings were held by the Corporate Authorities at the Carol Stream Municipal Center and provided the residents of the Village a meaningful opportunity to be heard regarding the Aggregation Program and this Plan. The Corporate Authorities considered the concerns of the residents and information disclosed at the hearings in the development of this Plan. The opt-out notice for the Aggregation Program shall be provided in advance to all eligible electric customers in the Village upon approval of this Plan according to the opt-out disclosure program developed by the Village. The opt-out notice and disclosures shall comply with the Act and all applicable rules and regulations of any authorized agency in the State of Illinois and shall fully inform such customers in advance that they have the right to opt-out of the Aggregation Program. The opt-out notice shall disclose all required information including but not limited to the rates, terms and conditions of the Program and the specific method to opt-out of the Program.

The Village may select a Retail Electric Supplier ("RES" or "Provider") to provide the electric power for the Village of Carol Stream Aggregation Program according to the terms of a written service agreement entered into by and between the Provider and the Village. By majority vote of the Corporate Authorities, the Village may determine not to enter into a service agreement with any Provider and in such event the Aggregation Group shall continue to purchase electric power through Commonwealth Edison. If the Corporate Authorities enter into a service agreement with a Provider, Commonwealth Edison will continue to provide and service delivery of the electricity purchased from the Provider, and metering, repairs and emergency service will continue to be provided by Commonwealth Edison. The Corporate Authorities have determined that each participant in the Aggregation Group shall receive a single monthly bill from Commonwealth Edison under applicable tariffs.

III. DEFINITIONS

In order to clarify certain terminology, the following terms as used in this Plan shall have the meanings set forth below:

"Aggregation Group" shall mean all the residential and small commercial retail customers of ComEd in the corporate limits of the Village that have not opted out of the Program and are permitted under the terms of the Act to participate in the Program.

"Aggregation Program" or "Program" means the program developed and implemented by the Village of Carol Stream, as a Municipal Aggregator under the Act, to provide ComEd residential and small commercial retail customers in the Village with retail electric generation services.

"Municipal Aggregator" means the Village operating an Aggregation Program under the legislative authority granted the Village to act as an aggregator to provide a competitive retail electric service to residential and small commercial retail customers of ComEd in the Village. Pursuant to the Act, an Aggregator is not a public utility or an alternative retail electric supplier.

"Member" means a person or legal entity enrolled in the Village of Carol Stream Municipal Aggregation Program for competitive retail electric services and a member of the Aggregation Group.

"Retail Electric Supplier" "RES," or "Provider" means an entity certified by all required authorities of the State of Illinois to provide competitive retail electric supply service(s), and which is duly selected by the Village to be the entity responsible to provide the required retail electrical supply service related to an Aggregation Program as defined in the Act, Village Ordinances and applicable rules and regulations of any authorized agency of the State of Illinois and has duly executed a Power Supply Agreement with the Village.

IV. OPERATIONAL PLAN:

A. Aggregation Services

1. **Provider:** The Village will use a competent entity as a Provider to perform and manage aggregation services for Members of the Aggregation Program. The Provider shall provide adequate, accurate, and understandable pricing, terms and conditions of service, including but not limited to no switching fees and the conditions under which a Member may opt-out without penalty. The Provider must provide the Village, upon request, an electronic file containing the Members usage, charges for retail supply service and other information reasonably requested by the Village.

2. **Database:** The Retail Electric Supplier shall create and maintain a secure database of all Members. The database will include the name, address, Commonwealth Edison account number, and Retail Electric Suppliers' account number of each active Member, and other pertinent information such as rate code, rider code (if applicable), most recent 12 months of usage and demand, and meter reading cycle. The database will be updated at least quarterly. Accordingly, the Provider will develop and implement a program to accommodate Members who (i) leave the Aggregation Group due to relocation, opting out, etc. (ii) decide to join the Aggregation Group; (iii) relocate anywhere within the corporate limits of the Village, or (iv) move into the Village and elect to join the Aggregation Group. This database shall also be capable of removing a Member from the Aggregation Group who has duly opted out of the Program. The Provider will use this database to perform audits for clerical and mathematical accuracy of Member electric supply bills. The Provider will make the database available to the Village at any time the Village requests it.

3. **Member Education:** The Provider shall develop and implement, with the assistance of the Village, as the Village may determine in its sole discretion, an educational program that generally explains the Aggregation Program to all residential and small commercial retail customers in the Village and the Aggregation Group, provides updates and disclosures mandated by Illinois law and applicable rules and regulations, and implements a process to allow any Member the opportunity to opt out of the Aggregation Program according to the terms of the Power Supply Agreement. See Appendix A for further details.

4. **Customer Service:** Provider shall hire and maintain an adequate customer service staff and develop and administer a written customer service process that will accommodate Member inquiries and complaints about billing and answer questions regarding the Aggregation Program in general. This process will include a description of how telephone inquiries will be handled, either internally or externally, how invoices will be prepared, how Members may remit remittance payment, and how collection of delinquent accounts will be addressed. The Provider and the

Village will enter into a separate customer service plan agreement or the terms shall be included in the Power Supply Agreement.

5. **Billing:** Commonwealth Edison will provide a monthly billing statement to each Member which shall include the charges of the Provider, and the Provider will not charge any additional administrative fee.

6. **Compliance Process:** The Provider shall develop internal controls and processes to ensure that the Village remains in good standing as a Municipal Aggregator and ensure that the Village and the Program complies with the Act and all applicable laws, rules and regulations, as they may be amended from time to time. It will be the Provider's responsibility to timely deliver reports at the request of the Village that will include (i) the number of Members participating in the Program; (ii) a savings estimate or increase from the previous year's baseline; (iii) such other information reasonably requested by the Village; (iv) comparison of the Members' charge for the supply of electricity from one designated period to another identified by the Village. The Provider shall also develop a process to monitor and shall promptly notify the Village in writing of any changes or amendments to the Act or any laws, rules or regulations applicable to the Aggregation Program.

7. **Notification to Commonwealth Edison:** The residential and small commercial retail customers of ComEd in the Village that do not opt-out of the Aggregation Program will be enrolled automatically in the Aggregation Program by a Provider. Members of the Aggregation Group will not be asked to take affirmative steps to be included in the Aggregation Group. To the extent that ComEd requires notification of participation; the Provider shall provide such notice to ComEd. The Provider will inform ComEd from time to time through electronic means any new members that it is enrolling into the Aggregation Group.

8. **Plan Requirements:** Pursuant to the Act, the Provider selected by the Village and the Village shall:

a. Provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

b. Describe demand management and energy efficiency services to be provided to each class of customers;

c. Meet any requirements established by law concerning aggregated service offered pursuant to the Act.

9. **Solicitation of Bids:** Pursuant to the requirements of the Act, the process of soliciting bids for electricity and related services and awarding power supply agreements for the purchase of electricity and other related services by the Village, shall be conducted in the following manner:

a. The Corporate Authorities of the Village may solicit bids for electricity and other related services.

b. Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the Village must, upon request of the Corporate Authorities of the Village, submit to the requesting party, in an electronic format, those names and

addresses of residential and small commercial retail electrical retail customers in the Village that are reflected in the electrical utilities records at the time of the request and such other information required by the Act or any applicable rule or regulation of an authorized Illinois agency.

c. The Village, upon receiving customer information from an electric utility shall be subject to the limitations on the disclosure of that information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Practices Act, and an electric utility providing such information shall not be held liable for any claims arising out of the provision of information pursuant to this Section and the Act.

B. Power Supply Agreement

The Corporate Authorities of the Village and the Provider shall duly execute and enter into a Power Supply Agreement to serve the Aggregation Group.

C. The Village of Carol Stream's Retail Electric Supplier

The Village may, but is under no obligation to, require the Provider to satisfy each of the following requirements in the Power Supply Agreement:

- Have sufficient sources of power to provide retail firm power to the Aggregation Group.
- Maintain a license as a Federal Power Marketer with the Federal Energy Regulatory Commission.
- Maintain a certification from the State of Illinois as a certified retail electric supplier and any and all other licenses or certifications required by Illinois law.
- Register as a retail electric supplier with ComEd.
- Maintain a Service Agreement for Network Integration Transmission Service under Open Access Transmission Tariff.
- Maintain a Service Agreement under Illinois Market-based Rate Tariff.
- Maintain the necessary corporate structure to sell retail firm power to the ComEd residential and small commercial retail customers in the Village and the Aggregation Group.
- Maintain an Electronic Data Interchange computer network that is fully functional at all times and capable of handling the ComEd residential and small commercial retail electric customers in the Village and the Aggregation Group.
- Maintain the marketing ability to reach all ComEd residential and small commercial retail customers in the Village to educate them on the terms of the Aggregation Program and the Act.
- Maintain a call center capable of handling calls from Members of the Aggregation Group.
- Maintain a local or toll-free telephone number for customer service and complaints related to the Village's Aggregation Program.
- Agree in a binding written agreement between the Village and the Provider to hold the Village financially harmless and fully indemnifying the Village from any and all financial obligations arising from supplying power to the Aggregation Group.
- Satisfy the credit requirements of the State of Illinois and the Village.
- Have the binding authority (to the satisfaction of legal counsel for the Village) to execute the Power Supply Agreement with the Village and be fully bound by all of its terms and conditions.

- Assist the Village in filing all reports required by the Act and any applicable law, rule or regulation, as may be amended from time to time.
- Assist the Village in developing a Consumer Education Plan.
- Maintain an Aggregation Program website with information for Village residents about the Aggregation Program.

D. Activation of Service

After a notice is mailed to all residential and small commercial retail electric customers in the Village providing an opportunity to opt out of the Program within a specific period of time, all customers who do not opt out in writing will be automatically enrolled in the Program. Customer enrollment with the Provider will occur thereafter without further action by the customer on terms set forth in the Power Supply Agreement and according to the retail tariffs of Commonwealth Edison.

E. Changes, Extension or Renewal of Service

The Power Supply Agreement with the Provider will provide when service shall begin and end. If the Power Supply Agreement is extended or renewed, Members will be notified as to any change in rates or service conditions and other information required by law. The Power Supply Agreement shall describe the terms upon which a Member or non-member will be given an opportunity to opt into or out of the Program, and reasonable notice will be provided as required by the Act or any applicable law. Members who opt-out will also be notified of their right to select an alternate retail electric supplier and of their ability to return to ComEd provided supply service.

F. Termination of Service

In the event that any Power Supply Agreement is terminated for any reason prior to the end of the scheduled term, each Member of the Aggregation Group will receive prompt written notification of termination of the Program at least sixty (60) days prior to termination of service under the Agreement. If the Agreement is not extended or renewed, Members will be notified in a manner determined by the Village and any applicable law, prior to the end of any service. Members will also be notified of their right to select an alternate retail electric supplier and of their ability to return to ComEd provided supply service upon termination of the Agreement.

G. Opt-In Procedures

ComEd residential and small commercial retail customers will be automatically enrolled in the Aggregation Program after any opt-out period has expired, unless they timely call the Provider's 800 number and/or return in writing a form to be provided notifying the Provider that they do not want to participate in the Aggregation Program. The Provider may provide special notice directly to categories of ComEd customers as the Village may direct, and inform such customers of specific potential consequences of their change from existing service from ComEd to the Program, including but not limited to (i) space heating customers, (ii) Real Time (Hourly) pricing customers, (iii) customers using an electrical supplier other than ComEd or the Provider. ComEd residential and small commercial retail customers in the Village may request to join the Aggregation Group after the expiration of any enrollment period by contacting the Provider, who shall accept them into the Aggregation Program, subject to written policies mutually agreed upon between the Village and the Provider in the Power Supply Agreement. The agreed upon policy shall be consistent with

ComEd's supplier enrollment requirements. Members of the Aggregation Group who move from one location to another within the corporate limits of the Village shall continue as a Member of the Aggregation Group.

H. Opt-out Procedures

ComEd residential and small commercial retail customers in the Village may opt-out of the Aggregation Program at any time during the opt-out period. The Provider may or may not charge an early termination fee. Members of the Aggregation Group will be allowed to switch to a different electric supplier after the expiration of the opt-out period on the terms set forth in the Power Supply Agreement but at least shall be allowed to opt-out every three years. Requirements for notification of intent to opt-out of the Aggregation Group shall be set forth in the Power Supply Agreement. As required by the Act, it shall be the duty of the Village or the Provider if so provided in the Power Supply Agreement, to fully inform residential and small commercial retail customers in the Village in advance that they have the right to opt-out of the Aggregation Program. Such disclosure shall prominently state any charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving services under that section. As further required by the Act, the IPA shall furnish, without charge, to any resident of the Village, a list of all supply options available to them in a format that allows comparison of prices and products.

I. Bid Process

The Village may elect to hold an individual bid or participate in a group bid. If the Village elects to participate in a group bid, the Village may use the northern Illinois Municipal Electric Collaborative Inc. ("NIMEC") to assist with the group bid. The Village will not delegate any signing or execution authority to NIMEC or other entity, but will make its own decision to accept or reject their individual bid resulting from the group bid. Suppliers will present individual bids to each community participating in the bid group. NIMEC will create an advisory group, representing and consisting of those communities participating in the bid, to determine the bid winner(s) on the day of the bid. NIMEC will then recommend that each Village accept the bid winner's individual bid for the Village. The Village will then decide to accept or reject their individual bid. Whether or not the Village accepts or rejects their individual bid will have no impact upon the individual bids of the other communities participating in the NIMEC bid process. The Village seeks bids including pricing for renewable energy. The service agreement between the Village and an ARES should provide options for the inclusion of additional renewable energy supply options via the purchase of Renewable Energy Certificates up to One Hundred Percent (100%) of the electricity to be supplied.

V. LIABILITY

THE VILLAGE SHALL NOT BE LIABLE TO THE PROVIDER, PROGRAM, OR PARTICIPANTS IN OR MEMBERS OF THE AGGREGATION GROUP, OR ANY OTHER PERSON OR ENTITY, FOR ANY CLAIMS, HOWEVER STYLED, ARISING OUT OF THE AGGREGATION PROGRAM OR THE PROVISION OF AGGREGATION SERVICES BY THE VILLAGE OR THE PROVIDER. PARTICIPANTS OR MEMBERS IN THE AGGREGATION GROUP SHALL ASSERT ANY SUCH CLAIMS SOLELY AGAINST THE PROVIDER PURSUANT TO THE POWER SUPPLY AGREEMENT, UNDER WHICH SUCH PARTICIPANTS ARE EXPRESS THIRD-PARTY BENEFICIARIES.

VII. INFORMATION AND COMPLAINT NUMBERS

Copies of this Plan shall be available from the Village of Carol Stream free of charge. Members and residential and small commercial retail customers of ComEd may call the Village of Carol Stream at 630-871-6250 for a copy of the Plan or visit www.carolstream.org to download a copy from the Municipal Electric Aggregation portal.

Appendix A -- Education Process

The Provider shall develop the educational program in conjunction with the Village. Its purpose will be to explain the Aggregation Program to its members, provide updates and disclosures as mandated by State law and the rules and regulations of any applicable Illinois agency, and provide the opportunity for the Members to Opt-out of the Aggregation Program. The following are components of the education program:

1. Each residential and small commercial retail customer of ComEd within the corporate limits of the Village will receive notification by U.S. Mail stating: what the municipal Aggregation Program means, the procedure which must be followed to Opt-out of the Aggregation Program, the estimated price of electricity for Member of the Aggregation Program, and the deadline for returning the Opt-out form. See sample letter attached.
2. The Provider shall cooperate with the Village to provide opportunities for educating residential and small commercial retail CE customers in the Village about the Program and their rights under the applicable law and rules and regulations. In addition, the Provider and Village will cooperate to provide education about opportunities for energy efficiency measures to help Members reduce energy consumption.
3. The Provider will provide updates and disclosures to the Village and Members as mandated by State law and applicable rules and regulations as amended from time to time.
