# Certificate of Achievement for Excellence in Financial Reporting

Presented to

# Village of Carol Stream Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
April 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

### Village of Carol Stream

Frank Saverino, Sr., Mayor • Beth Melody, Clerk • Joseph E. Breinig, Manager 500 N. Gary Avenue • Carol Stream, Illinois 60188-1899 (630) 665-7050 • Fax (630) 665-1064 www.carolstream.org

September 1, 2011

The Honorable Mayor Saverino Members of the Village Board Citizens of the Village of Carol Stream

The Comprehensive Annual Financial Report of the Village of Carol Stream (Village) for the year ended April 30, 2011, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that the Village issue annually a report on its financial position and activity presented in conformance with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants.

Management of the Village assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Village's financial statements have been audited by Sikich LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village of Carol Stream for the fiscal year ended April 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Village's financial statements for the fiscal year ended April 30, 2011, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

#### Profile of the Village of Carol Stream

The Village of Carol Stream, a home rule community as defined by the Illinois Constitution, was incorporated in 1959 and is located approximately 35 miles west of the City of Chicago in DuPage County. The Village currently has a land area of 10.0 square miles and a population of 39,711. The Village also has the power by state statute to extend its corporate limits by annexation, which is done periodically when deemed appropriate by the Village Board. As in past years, the Village continued its long-standing practice of not levying a property tax (property tax received pertains to the Village's share of local road and bridge funds from townships' government levies only).

The Village operates under the Board/Administrator form of government. Policymaking and legislative authority are vested in the Village Board, which consists of a Mayor and a six-member Board of Trustees. The Village Board is responsible for, among other things, passing ordinances and resolutions, adopting the budget, appointing committees and hiring the Village's manager and attorney. The Village Manager is responsible for carrying out the policies and ordinances of the Village Board, for overseeing the day-to-day operations of the Village, and for appointing the heads of the Village's departments. The Board is elected on a non-partisan basis. Board members are elected to four-year staggered terms with three Board members elected every two years. The Mayor is elected to a four-year term. The Mayor and Village Trustees are elected at large.

The Village provides a full range of services, including police protection, the construction and maintenance of streets and other infrastructure and the operating of the water and wastewater facilities.

The annual budget serves as the foundation for the Village's financial planning and control. All departments of the Village are required to submit budget requests to the Village Manager on or before November 30<sup>th</sup> of each year. The Village Manager uses these requests as the starting point for developing a proposed budget. The Village Manager then presents this proposed budget to the Village Board on or before March 31<sup>st</sup> of each year. The Village Board is required to hold a public hearing on the proposed budget and to adopt a final budget no later than April 30<sup>th</sup>, prior to the start of the new fiscal year on May 1<sup>st</sup>. The appropriated budget is prepared by fund, department and program (e.g. police patrol). The Village Manager may make transfers of appropriations within a department. Budget transfers between departments over \$5,000 require approval of the Village Board. Budgetto-actual comparisons are provided for each individual governmental fund for which an appropriated annual budget has been adopted. For the Village's two major governmental funds, the General Corporate Fund and the Capital Improvement Program Fund, these comparisons are presented on pages 50 and 95 respectively. For the non-major governmental funds with appropriated annual budgets, this comparison is presented in the non-major governmental fund subsection of this report on pages 97-98.

#### **Major Initiatives**

The Village staff, following specific directives of the Village Board and the Village Manager, has been involved in a variety of projects throughout the 2011 fiscal year, projects which reflect the Village's commitment to ensuring that its citizens are able to live and work in an enviable environment. A number of significant projects are discussed more thoroughly below:

- Continued focus on reducing expenditures to operate within projected available revenues. The adopted budget for FY2011 included staffing reductions of 11.75 positions representing 7.2% of the total workforce. Many of these positions were eliminated through a voluntary separation program offered by the Village in FY2010.
- Presented and adopted a FY2012 annual budget which reduced total budgeted spending by more than \$1 million over the final revised FY2011 budget, including additional staffing reductions of 7.45 positions. Total staffing for FY2012 has been reduced by 15.7% over the last three year period beginning in FY2009. No new revenues or increases in current revenues were approved in connection with the FY2012 budget.
- Developed a comprehensive financial profile of the Village, including detailed financial performance indicator comparisons with 9 comparable communities.
- Received Federal and State grant assistance totaling more than \$700,000 including:
  - o 2011 FEMA blizzard assistance (\$118,540)
  - o Wastewater Reclamation Center energy efficiency (\$152,200)
  - o Tubeway stormwater lift station replacement (\$169.045)
  - o Law enforcement safety initiatives (\$157,500)
  - o Law enforcement interoperable radios (\$45,425)
  - o Kuhn Road bicycle trail engineering (\$58,874)
- Conducted an inventory and assessment of major capital equipment and related processes at the Water Reclamation Center (WRC) and developed a long-term capital improvement program for the WRC.
- The Police Department obtained CALEA certification from the Commission on Accreditation for Law Enforcement Agencies.
- Enhanced the Village's emergency response capabilities, particularly in flooding situations, including upgrades to the City Watch emergency notification system, cooperative efforts with DuPage County and the Carol Stream Park District to plan and secure funding for the proposed Klein Creek Flood Control Project in Armstrong Park, removal of flow obstructions from Klein and Thunderbird Creeks through volunteer and contractor efforts, secured grant commitments for the purchase of three flood prone properties which will be demolished and returned to green space, and improved communications and protocols for responding to flooding and other emergencies.

- Continued the annual community summer concert series with all costs paid through private sponsorships rather than tax dollars.
- Completed the sale of 6 acres of the southern portion of the Town Center property to the Park District as the future site of a new recreation facility approved by Carol Stream voters in the February 2010 referendum.

#### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Village operates.

Local economy. The Village has experienced the impacts of a declining economy similar to what has been experienced State-wide and nationally. As revenues decline, management continually monitors their impact on the budget and makes decisions accordingly. The region has a varied light manufacturing and industrial base, which adds to the relative stability of the unemployment rate in relation to the state and national unemployment rate. Major industries with headquarters or divisions located within the Village's boundaries include several printing companies, metal fabrication companies, container companies, warehousing and distribution facilities and the U. S. Postal Service (regional facility).

State shared sales tax revenue is the Village's largest single revenue source which supports governmental activities. Knowing this, the Village is very vigilant in protecting and promoting its sales tax base. The Village is also very diligent in following and opposing any legislation that would diminish these revenues which are critical to supporting the delivery of basic government services. Management actively participates in a work group whose mission is to help structure legislation implementing streamlined sales tax so that it would not negatively impact local governments. The Village has a business retention program in place and has offered incentives in the form of sales tax rebates and tax increment financing districts to assist in attracting new businesses.

**Long-term financial planning.** The Village prepares a detailed multi-year Capital Improvement Program (CIP). The CIP covers a period of 1-5 years in detail, 6-10 years in summary and 11-20 years in concept. As part of the budget preparation process, the CIP is reviewed and modified annually.

Historically, the Capital Improvement Program (CIP) Fund has been funded by surpluses generated by the General Fund. Based on the protracted recessionary climate and a generally pessimistic outlook for any near-term sustainable revenue growth, the likelihood of future General Fund surpluses needed to adequately fund the CIP has been jeopardized. As a result, beginning in FY11, the scope of the road maintenance portion of the CIP was reduced by 50%.

Cash Management policies and practices. Cash balances during the year were invested in the Illinois Metropolitan Investment Fund (IMET), IMET Convenience Fund and the Illinois State Treasurer's pool (Illinois Funds). Investment maturities range from being immediately accessible (Illinois Funds) to 2 to 3 years (IMET). The average yield on investments was 0.136% for the Illinois Funds, 0.305% for IMET and 10.64% for the Police Pension Fund. Investment income (losses) includes appreciation and/or reductions in the fair value of investments.

**Pension and other postemployment benefits.** The Village sponsors a single-employer defined benefit pension plan for its police officers. Each year, an independent actuary engaged by the Village calculates the amount of the annual contribution that the Village must make to the pension plan to ensure that the plan will be able to fully meet its obligations to retired employees on a timely basis. As a matter of policy, the Village fully funds each year's annual required contribution to the pension plan as determined by the actuary. Based on the valuation results for FY2011, as of May 1, 2011, the Police Pension Fund is 68.0% funded, with the unfunded actuarial accrued liability being amortized annually through 2040 as a component of the annual funding requirement.

The Village also provides pension benefits for its non-public safety employees. These benefits are provided through a state-wide plan managed by the Illinois Municipal Retirement Fund (IMRF). In April, 2010, the governor signed Senate Bill 1946 into law which affects non-public safety participants in the IMRF plan. The law creates a second tier of IMRF benefits for members who are first enrolled in IMRF's Regular Plan on or after January 1, 2011. It has no effect on members currently participating in IMRF. The Village has no obligation in connection with employee benefits offered through this plan beyond its contractual payments to IMRF. As of December 31, 2010, the Village's obligations in the IMRF system are 60.63% funded.

Additional information on the Village's pension arrangements and other postemployment benefits can be found in notes 10 and 11 in the notes to financial statements.

Awards and acknowledgments. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended April 30, 2010. This was the twenty-fourth consecutive year that the Village has received this prestigious award. In order to be awarded a Certificate of Achievement, the Village must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation especially to Dawn Damolaris, Assistant Finance Director and Barbara Wydra, Accountant, and all other members of the department who assisted and contributed to the preparation of this report. Credit must also be given to the Mayor and Board of Trustees for their support and commitment to maintaining the highest standards of professionalism in the management of the Village of Carol Stream's Finances.

Respectfully submitted,

Jon D. Batek Finance Director

#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor Members of the Board of Trustees Village of Carol Stream, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate nonmajor governmental funds and the aggregate remaining fund information of the Village of Carol Stream, Illinois, as of and for the year ended April 30, 2011, which collectively comprise the Village of Carol Stream, Illinois' basic financial statements as listed in the table of contents. We have also audited the financial statements of each individual nonmajor governmental fund and each fiduciary fund as of and for the year ended April 30, 2011. These financial statements are the responsibility of the Village of Carol Stream, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate nonmajor governmental funds and the aggregate remaining fund information of the Village of Carol Stream, Illinois, as of April 30, 2011, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, each individual nonmajor governmental fund and each fiduciary fund financial statement referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Village of Carol Stream, Illinois, as of April 30, 2011, and the respective changes in financial position for the year then ended. Selected prior period individual fund financial information is presented for comparative purposes only. Such information is not intended to represent a complete presentation of financial position and changes in financial position for all individual funds of the Village of Carol Stream, Illinois in accordance with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated August 30, 2011, on our consideration of the Village of Carol Stream, Illinois' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be read in conjunction with this report in considering the results of our audit

The Management's Discussion and Analysis and the other required supplementary information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the basic financial statements and on each individual nonmajor governmental fund and fiduciary funds taken as a whole. The financial information listed as schedules and supplemental data in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the basic, nonmajor fund and fiduciary fund financial statements of the Village of Carol Stream, Illinois. Such information has been subjected to the auditing procedures applied in the audit of the basic, nonmajor fund and fiduciary fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic, nonmajor fund and fiduciary fund financial statements taken as a whole.

The prior year actual information has been derived from the Village of Carol Stream, Illinois 2010 financial statements and, in our prior year report dated August 12, 2010, we expressed unqualified opinions on the respective financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information.

The introductory and statistical information listed in the table of contents was not audited by us and, accordingly, we do not express an opinion thereon.

Shihll

Aurora, Illinois August 30, 2011

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2011

As the management of the Village of Carol Stream (the "Village"), we offer readers of the Village's financial statements this narrative overview and analysis of the Village's financial activities for the fiscal year ended April 30, 2011. This discussion and analysis is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the Village's financial activities, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

We encourage readers to consider information presented here in conjunction with additional information presented in our letter of transmittal found on pages iv to ix and the Village's financial statements which begin on page 3.

#### USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT

The focus of the financial statements is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the Village's accountability.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Village's finances, in a manner similar to a private sector business.

The *Statement of Net Assets* presents information on all of the Village's assets and liabilities, with the difference between the two reported as net assets. This statement combines and consolidates governmental fund's current financial resources (short-term, spendable resources) with capital assets and long-term obligations using the accrual basis of accounting which maintains its measurement focus on economic resources rather than spendable financial resources. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating.

The *Statement of Activities* presents information on how the Village's net assets have changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g. earned but unused employee leave time). The *Statement of Activities* also reports the extent to which various expenses for governmental or business-type functions are dependent upon user-charges, grant sources, or general tax and other revenues.

Both of the government-wide financial statements distinguish functions of the Village which are principally supported by taxes and intergovernmental revenues (governmental activities) from those functions which are intended to recover all or a significant portion of their costs through user-fees and charges (business-type activities). The governmental activities of the Village include general government, public safety and highways and streets. The business-type activities of the Village include the purchase and distribution of Lake Michigan water and sanitary sewage collection and treatment systems, which are accounted for within a single enterprise fund.

Excluded from the government-wide financial statements are fiduciary funds (e.g. Carol Stream Police Pension Fund). Fiduciary funds are used to report net assets held in a trustee or agency capacity for others (e.g. retired police officers) and therefore cannot be used to support the Village's programs.

The government-wide financial statements can be found on pages 3 through 5 of this report.

#### **Fund Financial Statements**

Traditional users of governmental financial statements will find the Fund Financial Statements to be more familiar, with the focus of presentation on major funds rather than fund types. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and Capital Improvement Program Fund, both of which are considered to be "major" funds. Information for the other two governmental funds is combined into a single, aggregate presentation in these statements. Individual data for each of these non-major governmental funds is provided in the form of combining statements located on pages 96 through 99.

#### **Management's Discussion and Analysis (continued)**

The Village adopts an annual budget for each of its governmental funds. A budgetary comparison statement has been provided in the required supplementary information section or the combining and individual fund financial statements section of this report to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 6 through 9 of this report.

**Proprietary Funds.** The Village maintains one proprietary fund, also referred to as an enterprise fund, to account for its water and sewer activities. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements and use the economic resources measurement focus and accrual basis of accounting, similar to private-sector businesses.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Water and Sewer Fund data, including budget compliance information, is located in the combining and individual fund financial statements section of this report.

The basic proprietary fund financial statements can be found on pages 10 through 14 of this report.

*Fiduciary Funds.* Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The Village maintains one fiduciary fund which accounts for the resources of the Carol Stream Police Pension Fund.

The basic fiduciary fund financial statements can be found on pages 15 through 16 of this report.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 17 through 49 of this report.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's progress in funding its obligation to employee retirement and other postemployment benefit plans. Required supplementary information can be found on pages 50 through 57 of this report.

#### **Management's Discussion and Analysis (continued)**

The combining statements referred to earlier in connection with major and non-major governmental funds, the enterprise fund and fiduciary fund are presented immediately following the required supplementary information on employee retirement plans. Combining and individual fund statements can be found on pages 58 through 114 of this report.

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

#### **Net Assets**

Table 1 presents a condensed Statement of Net Assets as of April 30, 2011 compared to the prior year ended April 30, 2010.

| Net of Debt                 | 83.5            | 86.7             | 33.6             | 34.9         | 117.1                       | 121.6        |  |
| Restricted                  | 3.8             | 4.1              | -                | -            | 3.8                         | 4.1          |  |
| Unrestricted                | 36.6            | 33.6             | 17.6             | 17.3         | 54.2                        | 50.9         |  |
| Total Net Assets            | \$ 123.9        | \$ 124.4         | \$ 51.2          | \$ 52.2      | \$ 175.1                    | \$ 176.6     |  |

The Village's combined total net assets decreased from \$176.6 million to \$175.1 million during FY2011, a decrease of \$1.5 million or just less than 1.0%. Of this decrease, net assets from governmental activities decreased by \$0.5 million (0.4%) and net assets from business-type activities decreased by \$1.0 million (1.9%).

Declines in capital asset balances are the primary reason for the overall reduction in total net assets in both governmental and business-type activities.

#### VILLAGE OF CAROL STREAM, ILLINOIS Management's Discussion and Analysis (continued)

#### **Statement of Activities (Changes in Net Assets)**

Table 2 summarizes the revenue and expenses of the Village's activities for FY2011 compared to the prior FY2010.

#### **GOVERNMENT-WIDE REVENUES**

Total combined revenues for FY2011 totaled \$31.4 million, an increase of \$2.5 million or 8.7% from the prior fiscal year. Total revenues from governmental activities increased by \$2.1 million or 9.7% and total revenues from business-type activities increased by \$0.4 million or 5.1%. A summary of these revenues by source is listed in Table 3 below:

Table 3

| All Other Revenues       |    | 1.5  |    | 2.0         |    | 0.4          |                             | 0.3         |    | 1.9          |    | 2.3        |
| Total Revenues           | \$ | 24.1   | \$ | 22.0        | \$ | 7.3          | \$                          | 6.9         | \$ | 31.4         | \$ | 28.9       |

Revenues from the Village's largest single revenue source, **water and sewer fees**, totaled \$6.9 million in FY2011, increasing by 5.8% from the prior fiscal year. Water rates charged to Carol Stream customers were increased by 11.5% in May of 2010. This was necessary to absorb the 3rd consecutive year of water rate increases imposed by the City of Chicago and passed along to DuPage Water Commission members. Total growth in billed revenues was less than the rate increased due to an overall reduction in water billed compared to the prior year.

The Village receives a share of the state sales tax equal to 1% of retail sales generated within Carol Stream. **Sales taxes** received in FY2011 grew at a rate of 2.9% compared to the prior fiscal year. This represents the first year of positive growth following three consecutive years of decline.

#### **Management's Discussion and Analysis (continued)**

In addition to the 1% local sales tax, the Village first initiated an additional 0.50% **home rule** sales tax beginning in July of 2003. In response to unprecedented revenue declines stemming from the extended recession, in addition to the implementation of major spending cuts, an increase in the tax rate from 0.50% to 0.75% was initiated in July of 2010 to help protect the delivery of basic Village services. This increase in tax rate produced additional revenues of more than \$700,000, an increase of 41.4% compared to revenues collected in FY2010. Sales tax revenues from all sources represented 30.7% of total Governmental Fund revenues for FY2011.

The Village receives a share of **State income tax** collections which are distributed to Illinois municipalities on a per capita basis. Income tax receipts are a key revenue within the Village's General Fund and support governmental activities. Income tax receipts declined by 1.8% in FY2011 due to the continuing economic downturn. Despite an increase in the State's overall individual income tax rate from 3% to 5% in early 2011, the Legislature reduced the municipal share of tax receipts from 10% to 6%, nullifying any additional revenue sharing with Illinois local governments. This represents the third consecutive year of decline in this key revenue as illustrated below:

#### **State Income Tax Receipts**

| Fiscal Year | <u>Amount</u> | % Change |
|-------------|---------------|----------|
| 2010/11     | \$3,176,206   | - 1.8%   |
| 2009/10     | 3,235,566     | - 12.8%  |
| 2008/09     | 3,711,835     | - 1.0%   |

The Village extends a tax on electricity and natural gas consumption. These **utility tax** revenues are used to support the general governmental activities. FY2011 utility tax revenues showed an increase of 5.1% over the prior fiscal year.

The Village also levies a 6% tax on telecommunications services. Collections of telecommunications taxes continue to tumble as emerging technologies and bundling of services with cable and internet service providers appear to be changing the landscape of traditional landline based telecommunications services. The Village has also experienced significant declines in this revenue stream which will likely continue to erode into the future as illustrated in the table below:

#### **Telecommunications Tax Receipts**

| Fiscal Year | <u>Amount</u> | % Change |
|-------------|---------------|----------|
| 2010/11     | \$1,635,122   | - 7.7%   |
| 2009/10     | 1,771,703     | - 3.9%   |
| 2008/09     | 1,842,713     | - 3.5%   |

The **fines and forfeits** revenue category saw a 20.0% increase from the prior year, primarily resulting from the implementation of an administrative towing fee in early 2010.

**Management's Discussion and Analysis (continued)** 

**Investment income** generated by cash balances declined by 46.1% from the prior year. This is the result of continued record lows in interest rates which have hovered near zero for our money market investments. Our deposits in the Illinois Metropolitan Investment Fund (IMET) have averaged a return of about 30 basis points for FY2011.

During FY2011, the Village sold 6 acres of the southern portion of the Town Center property to the Carol Stream Park District which will house its new recreation facility pursuant to the successful 2010 Park District referendum. This **sale of property** generated proceeds of \$1.6 million which represent one-time revenues for the Village. This significant single transaction generated more than 75% of the total reported revenue increase in governmental revenues between FY2010 and FY2011. Without this transaction the previously reported increase in governmental revenues would be reduced from 9.7% to 2.4%.

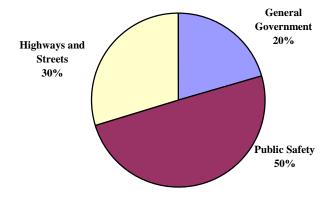

#### **GOVERNMENT-WIDE EXPENSES**

Total government-wide expenses for FY2011 totaled \$32.9 million, a decrease of \$1.8 million or 5.2% from the prior year.

Expenses - Governmental Activities

Carol Stream's largest share of costs allocated to governmental activities was in the area of **Public Safety** (law enforcement), accounting for 50% of total governmental expenses. This was followed by **Highways and Streets** activities, making up 30% of total governmental spending, which includes Public Works operating and maintenance activities as well as the Village's infrastructure rehabilitation and replacement program. **General Government** activities and interest expense round out total governmental activities at 20% which includes legislative boards and commissions, general administration, legal services, financial management, community development, engineering services, employee relations, building maintenance, and Town Center activities.

Village of Carol Stream
FY2011 Governmental Activities
% of Expenses by Function

#### **Management's Discussion and Analysis (continued)**

FY2011 expenses for total governmental activities were decreased by \$2.1 million or 7.7% compared to the prior fiscal year. Most of the reductions in spending were in the General Government and Highways and Streets functions which saw total expenses reduced by 13.4% and 15.1% respectively. Public Safety expenses remained relatively unchanged from the prior year.

Much of this decrease in spending was attributable to a voluntary separation program offered by the Village in early 2010 which resulted in the retirement or separation of 12 employees throughout the organization. As a result of this voluntary program, combined with holding or eliminating various other position vacancies, the Village reduced its total authorized workforce by a total of 11.75 full-time equivalent employee positions in FY2011 versus FY2010, a decrease of 7.2% (this applies to both governmental and business-type activities).

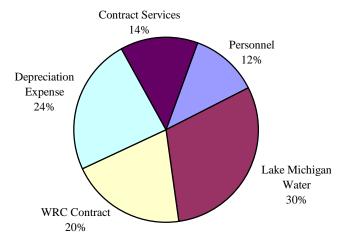

Furthermore, beginning in FY2011, the Village began reducing its investment in its pavement improvement program (by about 50%) as a means of conserving and preserving available reserves in the Capital Improvement Program Fund in the absence of a dedicated funding source to provide for regular roadway maintenance and repairs.

#### Expenses – Business-Type Activities

Carol Stream's total business-type activities are limited to the activities of its sole enterprise fund, the Water and Sewer Fund. Total expenses for water and sewer activities for FY2011 totaled \$8.3 million, an increase of \$0.2 million or 3.1% from the prior year.

Water and sewer activities include the purchase of Lake Michigan water though the Village's participation in the DuPage Water Commission, maintaining the Village's water distribution systems including mains, pumps, reservoirs, metering and billing as well as the maintenance of the Village's sanitary sewage collection system and its treatment at the Water Reclamation Center. Total system expenses can be categorized in the following manner:

Village of Carol Stream FY2011 Water and Sewer Expenses

**Management's Discussion and Analysis (continued)** 

Total personnel costs were reduced by 18.2% in FY2011 compared to FY2010 resulting from the previously mentioned 2010 voluntary separation program as well as through holding a number of staffing vacancies. The Village's total cost of purchasing Lake Michigan water through the DuPage Water Commission increased by 18.0% in FY2011 resulting from the 3<sup>rd</sup> annual City of Chicago rate increase imposed upon the Water Commission. These cost increases were passed along to the Commissions municipal members and in most cases, to end municipal users. Depreciation expense represents an allocation of previous capital costs incurred in connection with significant plant, equipment and system infrastructure improvements which are amortized over the useful life of the improvements.

#### FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

At April 30, 2011, the **governmental funds** had a combined total fund balance of \$43.8 million. Governmental fund balances increased by \$2.5 million or 6.0% from April 30, 2010 (see page 8). As identified previously, after factoring in the one-time proceeds of sale of land to the Carol Stream Park District, the net increase in governmental fund balance is reduced to from 6.0% to 2.1%.

Net assets of the Village's **proprietary fund** totaled \$51.2 million at April 30, 2011, a decrease of \$1.0 million or 1.9% from April 30, 2010. The increase resulted from the capital activities of the Village's Water and Sanitary Sewer Fund (see pages 10 - 12).

<u>General Fund</u> – The Village's General Fund is the primary governmental operations fund and provides for police services, public works activities such as street maintenance and snow removal, building permit reviews, code enforcement activities, stormwater management, financial management and general administrative services.

General Fund fund balance for the year ended April 30, 2011 increased by \$1,464,454 or 7.4% from April 30, 2010. This result was achieved though a combination of increased revenues as well as decreased spending compared to the prior fiscal year which concluded with a net deficit of \$835,910.

As illustrated in Table 4 on the following page, FY2011 General Fund revenues increased by just over \$1.0 million or 5.1% and expenditures were reduced by \$1.3 million or 6.2% when compared to the prior FY2010.

#### VILLAGE OF CAROL STREAM, ILLINOIS Management's Discussion and Analysis (continued)

| General Government         | \$ 4,944,655              | \$ 4,984,488           | \$ 4,563,909          | \$ 5,387,955             | -15.3%             |
| Public Safety              | 13,353,211                | 13,148,211             | 11,976,644            | 12,083,983               | -0.9%              |
| Highways and Streets       | 2,687,776                 | 2,869,293              | 2,698,994             | 3,170,761                | -14.9%             |
| Subtotal Expenditures      | 20,985,642                | 21,001,992             | 19,239,547            | 20,642,699               | -6.8%              |
| Transfer Out – Geneva TIF  | 173,719                   | 173,719                | 212,764               | 103,632                  | 105.3%             |
| Total Expenditures and     |                           |                        |                       |                          |                    |
| Transfers Out              | \$ 21,159,361             | \$ 21,175,711          | \$ 19,452,311         | \$ 20,746,331            | -6.2%              |
| Change in Fund Balance     | \$ (513,241)              | \$ (513,241)           | \$ 1,464,454          | \$ (835,910)             | 275.2%             |

General Fund *tax revenues*, which include items such as the sales tax, home rule sales tax, State income tax, utility and telecommunications taxes, hotel tax and real estate transfer tax, increased by 5.5% compared to the prior fiscal year. Most of the increase was due to the July, 2010 increase in the local home rule sales tax rate from 0.50% to 0.75%.

The increase of 14.3% in the *licenses and permits* category was spurred by some rebound in building permit activity.

The increase in the *intergovernmental* revenues category, which principally relates to grant awards, was driven largely by FEMA assistance awarded related to the February, 2011 blizzard.

Revenue generated in the *fines and forfeits* category was increased through the implementation of an administrative towing ordinance and fee in January, 2010.

#### **Management's Discussion and Analysis (continued)**

On the expenditure side, total reductions in General Fund expenditures compared to FY2010 totaled just under \$1.3 million. Most of these reductions came from staffing reductions through the 2010 voluntary separation program and holding of position vacancies (\$824,000), reduced activities and programming at the Town Center (\$248,000) and reduced legal fees (\$90,000).

<u>Capital Improvement Program Fund</u> – The Village's Capital Improvement Program (CIP) Fund is designated as a "major fund" and is used to account for capital projects relating to the maintenance and replacement of existing infrastructure as well as the development of new facilities to accommodate future growth. Those capital improvements related to the Water and Sewer Fund are accounted for in that fund.

Total CIP fund balance increased by \$1.4 million during FY2011 to a total of \$19.0 million at April 30, 2011. This was entirely the result of the sale of 6 acres of the Village-owned Town Center property to the Carol Stream Park District for \$1.6 million. As the CIP Fund has no formally designated or dedicated revenue stream, it relies principally on periodic transfers from the General Fund to fund its programs. Because the General Fund ended the prior 2010 fiscal year in a deficit position, there were no available fund balances for a transfer in FY2011.

#### **Capital Assets**

Table 5 reflects the Village's capital asset balances as of April 30, 2011 and 2010.

Table 5
Capital Assets
(in Millions)

|                                 |              | rnmental<br>tivities | Business-Type<br>Activities | Total Primary<br>Government |  |  |

| Total                           | \$ 83.       | 5 \$ 86.7            | \$ 38.9 \$ 40.5             | \$ 122.4 \$ 127.2           |  |  |

#### **Management's Discussion and Analysis (continued)**

At April 30, 2011, the Village's investment in capital assets for both governmental and business-type activities totaled \$122.4 million (net of accumulated depreciation). This balance declined by \$4.8 million or 3.8% compared to April, 2010. See note 4 beginning on page 28 for additional information on changes in capital asset balances.

Major capital asset activities during FY2011 included the following:

- Replacement of Thunderbird Bridge deck.
- Finalization of Gundersen Drive /West street reconstruction project.
- Tubeway Drive stormwater lift station replacement project.

In addition to major infrastructure replacement projects completed in FY2011, the Village continued its focus on the maintenance of its capital assets which do not meet the established threshold for capitalization. In FY2011, these maintenance activities included roadway resurfacing and structural overlay projects totaling just under \$1.4 million and were funded through the Motor Fuel Tax Fund. Additionally, Lies Road, from Kuhn Road to Gary Avenue, received a new asphalt surface at a cost of about \$550,000, which was entirely paid from American Recovery and Reinvestment Act (ARRA) funding.

#### **Long-Term Debt**

At the end of the current fiscal year, the Village of Carol Stream had no outstanding general obligation bonded indebtedness.

Debt obligations of the Village's governmental activities include Tax Increment Financing (TIF) Bonds which were originally issued in 1997 and subsequently refinanced in 2005 for the purpose of developing the Geneva Crossing shopping center. These debt obligations are supported only by the incremental property taxes and sales taxes generated by the TIF. At April 30, 2011, a total of \$3.1 million in principal was outstanding on the bonds, which have a final maturity date of December 30, 2021. The Village also entered into a four year capital lease for the purchase of computer equipment in FY2009. The \$84,200 lease is payable in four equal installments through FY2012.

Debt related to business-type activities consisted of a loan from the Illinois Environmental Protection Agency (IEPA) loan used to expand the Water Reclamation Center completed during FY2005 and an installment contract with the DuPage Water Commission (DWC) to finance the extension of the Village's water system to residents located in unincorporated Carol Stream due to contaminated wells. At April 30, 2011, the IEPA loan had an outstanding balance of \$4,662,027 with a final maturity date of April 1, 2024 while the DWC installment contract had an outstanding balance of \$637,569 and a final maturity of September 1, 2025. The Village receives reimbursement of all principal and interest costs related to the DWC loan from DuPage County, which initiated a Special Service Area imposing a special tax on impacted property owners.

**Management's Discussion and Analysis (continued)** 

As an Illinois home-rule community, the Village is not subject to any debt limitations imposed by Illinois statutes. Additional information regarding the Village's long-term debt can be found in note 5 on pages 30-37 of this report.

#### **Economic Factors**

Carol Stream has not been immune from the fallout of the collapse in the national and global economy which began in 2008. The impacts continue to be felt today, with most major revenues well below pre-recessionary levels into FY2011. The Village has responded by reducing expenditures across all major categories, through voluntary staff reduction incentives and where appropriate, by increasing revenues to ensure that essential Village services continue to be delivered without interruption.

Carol Stream enjoys a stable and diversified commercial and retail sales base with major retail centers along the Schmale Road, Gary Avenue, and Army Trail Road corridors. During FY2011, the Village experienced growth in retail sales tax collections of 2.9%, following three consecutive years of declining revenues. While our challenges are far from over, this represents a small first step toward finding the "new norm" for base revenues.

The outlook moving forward continues to be guarded, with little anticipation of economic recovery into the foreseeable future. In addition to economic factors, the potential for legislative threats to Carol Stream's revenues looms larger than ever. As such, we must continue to be vigilant in protecting those revenues, and operate an organization which is as lean and efficient as possible, while continuing to ensure that the safety and welfare of Carol Stream residents is secured.

#### CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability for public resources. Questions concerning this report or requests for additional financial information should be directed to Jon Batek, Finance Director, Village of Carol Stream, 500 N. Gary Avenue, Carol Stream, Illinois 60188.

## BASIC FINANCIAL STATEMENTS

#### NOTES TO FINANCIAL STATEMENTS

April 30, 2011

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village of Carol Stream, Illinois (the Village) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

#### a. Reporting Entity

The Village is a municipal corporation governed by an elected Mayor and six-member board. As required by generally accepted accounting principles, these financial statements present the Village (the primary government). The Police Pension Fund has been included as a fiduciary fund due to the fiduciary responsibility exercised over the Police Pension Fund.

### b. Fund Accounting

The accounts of the Village are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of a village's general activities and includes the collection and disbursement of earmarked monies (special revenue funds). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the Village (internal service funds). Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds*, the Village has chosen to apply all GASB pronouncements as well as those pronouncements of the Financial Accounting Standards Board (FASB) issued on or before November 30, 1989 to account for enterprise funds and business-type activities.

#### b. Fund Accounting (Continued)

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Village. When these assets are held under the terms of a formal trust agreement a pension fund is used.

#### c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Improvement Program Fund accounts for capital projects relating to maintenance and replacement of existing infrastructure as well as the development of new facilities to accommodate future growth.

c. Government-Wide and Fund Financial Statements (Continued)

The Village reports the following major proprietary fund:

The Water and Sewer Fund accounts for the activities of the water and sewerage operations. The Village operates the sewerage treatment plant, sewerage pumping stations and collection systems and the water distribution system.

The Village reports the following fiduciary fund:

The Police Pension Trust Fund accounts for the accumulation of resources to pay pension costs to the Village's police officers.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues/expenses include all revenues/expenses directly related to providing water and sewer services. Incidental revenues/expenses are reported as nonoperating.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available as they are collected within 60 days of the end of the current fiscal period except for sales tax and telecommunication taxes which are 90 days and income taxes which is 120 days. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Village.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The Village reports deferred/unearned revenue on its financial statements. Deferred/unearned revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Deferred/unearned revenues also arise when resources are received by the Village before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the liability for deferred/unearned revenue is removed from the financial statements and revenue is recognized.

#### e. Cash and Investments

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Village's proprietary funds consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

#### **Investments**

Investments are stated at fair value.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the state to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Funds' share price, the price for which the investment could be sold.

Illinois Metropolitan Investment Fund (IMET) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold.

#### f. Fund Balance/Net Assets

Governmental funds equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned or unassigned. Nonspendable fund balance is reported for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities. Committed fund balance is constrained by formal actions of the Village Board, which is considered the Village's highest level of decision making authority. Formal actions include resolutions and ordinances approved by the Village Board. Assigned fund balance represents amounts constrained by the Village's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the Village Manager through the approved fund balance policy of the Village. Any residual fund balance of the General Fund and any deficits in other funds, if any, is reported as unassigned.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the Village considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide and proprietary fund financial statements, restricted net assets are legally restricted by outside parties for a specific purpose. Invested in capital assets, net of related debt, represents the Village's investment in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset. Unrestricted net assets consists of net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

### g. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

#### h. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental inventories, if any, are recorded as expenditures when consumed rather than when purchased.

### i. Prepaid Items/Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses.

### j. Loan Receivable

The Village recorded a loan receivable to a council of local governments to be repaid to the Village in annual installments each May 1 with interest through 2021.

### k. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$20,000 (amounts not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

| Assets                            | Years |
|-----------------------------------|-------|
| Buildings                         | 50    |
| Infrastructure                    | 30-50 |
| Water and Sewer System            | 30-50 |
| Vehicles, Machinery and Equipment | 3-10  |

### 1. Compensated Absences

In the fund financial statements, vested or accumulated employee leave balances are reported as an expenditure and a fund liability of the governmental fund that will pay it once retirement or separation has occurred (i.e., the liability has matured). Vested or accumulated vacation leave of proprietary funds and in the government-wide financial statements is recorded as an expense and liability of those funds as the benefits accrue to employees.

In accordance with the provisions of GASB Statement No. 16, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave benefits that is estimated to be taken as "terminal leave" prior to retirement.

#### m. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

### n. Comparative Data

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of changes in the Village's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation but had no effect on previously reported activity.

### 2. DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust fund. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust fund are held separately from those of other funds.

Permitted Deposits and Investments - The Village's investment policy allows for deposits/investments in any type of security allowed for in Illinois statutes, including insured commercial banks, obligations of the U.S. Treasury and U.S. agencies, short-term obligations of corporations organized in the United States subject to various limitations, Illinois Funds and Illinois Metropolitan Investment Fund (IMET). The Police Pension Fund may also invest in certain non-U.S. obligations, Illinois municipal corporations, tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivisions and Illinois insurance company general and separate accounts, mutual funds and equity securities.

#### a. Deposits

To guard against credit risk for deposits with financial institutions, the Village and the Police Pension Fund investment policies require that deposits with financial institutions in excess of FDIC be collateralized with collateral in an amount of 105% of the uninsured deposits with the collateral held by a third party acting as the agent of the Village and Police Pension Fund.

#### b. Investments

As of April 30, 2011, the Village had the following investment maturities in debt securities:

|                          |               |               | Investment Mat | urities (in Years) |         |

### GASB 40 - Operating Funds

In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a one-year period. The portion of the portfolio that is invested with the Illinois Metropolitan Investment Fund (IMET) has an average maturity of 1.49 years and a duration of 1.44 years and is subject to interest rate risk. With a current duration of 1.44 years, if the interest rates were to increase by 1%, the value of the fund would decrease by approximately 1.4% and vice versa if the interest rates were to decrease by 1%.

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in securities issued by agencies of the United States Government that are implicitly guaranteed by the United States Government.

Illinois Funds and IMET are both "AAA" rated funds. In order to limit its exposure to concentration of credit risk, the Village's investment policy limits the investment in any one financial institution to 40%, up to 10% in commercial paper and up to 50% in Illinois Funds.

The Village had greater than 5% of its overall portfolio invested in Illinois Funds (9.2%) and IMET (87.9%). The investment policy does not include any limitations on how much U.S. Treasury and agency securities can be held in the portfolio.

### 2. DEPOSITS AND INVESTMENTS (Continued)

### b. Investments (Continued)

GASB 40 - Operating Funds (Continued)

For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village limits its exposure to custodial credit risk by utilizing an independent, third party institution, selected by the Village, to act as custodian for its securities and collateral.

#### GASB 40 - Police Pension Fund

The investment policy promotes diversification of investments, and has the following guidelines for investing: no more than 40% of the funds may be invested in a single financial institution, exclusive of U.S. Treasury securities held in safekeeping; deposits in Illinois Funds may not exceed 50% of the portfolio; and brokered certificates of deposit may not exceed 25% of the portfolio. It is the policy of the Police Pension Board to invest 55% of its portfolio in fixed income securities and the remaining 45% in equities. The Police Pension Fund has hired a fund manager, McDonnell Investments, to manage the fixed income portfolio and utilizes its consultant, Smith Barney, to assist with the equity investments.

The Police Pension Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity while at the same time matching investment maturities to projected fund liabilities. The managed portfolio of McDonnell Investments group has a duration of 5.03 years and is subject to interest rate risk. The managed portfolio of Hoisington Investment Management Company has a duration of 18.82 years. With a duration of 5.03 and 18.82 years, if interest rates were to increase by 1%, the value of the managed portfolio would decrease by approximately 5.0% and 18.8% and vice versa if interest rates were to decrease by 1%.

The Police Pension Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. The overall ratings of the agency's long-term debt, except for subordinated debt of which the Police Pension Fund does not own any, is "AAA" as rated by Moody's and Standard and Poor's.

At April 30, 2011, other than U.S. Government guaranteed obligations, the Police Pension Fund had greater than 5% of its portfolio in U.S. agency securities (7.6%) and four mutual funds (5.5%, 7.2%, 7.4% and 5.6%). The investment policy does not include any limitations on how much U.S. Treasury or agency securities can be held in the portfolio.

### 2. DEPOSITS AND INVESTMENTS (Continued)

### b. Investments (Continued)

GASB 40 - Police Pension Fund (Continued)

The Police Pension Fund also owns \$3,500,000 in Treasury Zero Coupon bonds. The main investment risk associated with zero coupon bonds is not credit risk but market risk. Interest rate changes reflect significantly in the market price of the zero coupon bond. For example, a 1% (100 basis points) change in interest rates can cause a 20-year zero coupon bond to fluctuate by approximately 20%.

The Police Pension Fund invests 41% of its funds in equities. The Police Pension Fund's investment policy defines the strategy in which the Police Pension Board follows for the equity investments. The Police Pension Board diversifies its equity holdings as follows:

- International a range of 3% to 10% with a target of 5%.
- Large Cap Growth and Value a range of 20% to 30% with a target of 25%.
- Small and Mid Cap a range of 10% to 18% with a target of 15%.
- The target for the balance between Growth and Value funds is 50%/50%.
- REIT Mutual Funds the range is 0% to 5% with no designated target.

The Police Pension Fund, via the investment policy, has an equity criteria and selection process that it follows.

The Police Pension Board limits its exposure to custodial risk by utilizing an independent, third party institution, selected by the Police Pension Board, to act as custodian for its securities. For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Police Pension Board will not be able to recover the value of its investments that are in the possession of an outside party. The Police Pension Fund investment policy does not address foreign currency risk.

#### 3. RECEIVABLES

The County Assessors are responsible for assessment of all taxable real property, except for certain railroad property which is assessed directly by the state.

Property taxes are levied in DuPage County by the last Tuesday in December, on the assessed valuation as of January 1. The tax levy becomes an enforceable lien against the property on January 1 of the year following the tax levy year. These taxes are collected by the County Collector and are submitted to the County Treasurer, who remits to the Village units their respective share of the collections. Taxes levied in one year become due and payable in two installments during the following year. The DuPage County installments are due June 1 and September 1.

### 3. RECEIVABLES (Continued)

The 2010 property tax levy is recorded as a receivable, net of estimated uncollectibles. Based upon collection histories, the Village has provided at April 30, 2011 an allowance for uncollectible real property taxes. All uncollected taxes relating to prior years' levies have been written off. For governmental funds, only property taxes which are intended to finance the current fiscal year and collected within 60 days subsequent to year end, if any, are recorded as revenue.

The 2011 taxes are intended to finance the 2012 fiscal year and are not considered available for current operations and are, therefore, shown as deferred/unearned revenue. The 2011 tax levy has not been recorded as a receivable at April 30, 2011, as the tax has attached as a lien on property as of January 1, 2011; however, the tax will not be levied until December 2011 and, accordingly, is not measurable at April 30, 2011.

### 4. CAPITAL ASSETS

Capital asset activity for the year ended April 30, 2011 was as follows:

|  |    | Beginning<br>Balances |    | Increases   | ]  | Decreases | Ending<br>Balances |
|--|----|-----------------------|----|-------------|----|-----------|--------------------|
| COVEDNIMENTAL ACTIVITIES                                     |    |                       |    |             |    |           |                    |

#### 5. LONG-TERM DEBT

### a. Tax Increment Financing Bonds

The Village issues bonds where the Village pledges incremental tax income derived from a separately created tax increment financing district. These bonds are not an obligation of the Village and are secured only by the incremental revenues generated by the district and are recorded in the governmental activities.

Tax increment financing bonds currently outstanding are as follows:

| Issue  | Fund Debt<br>Retired by   | Balances<br>May 1 | Ado | litions | efundings/<br>eductions | Balances<br>April 30 | Current<br>Portion |
|--|---------------------------|-------------------|-----|---------|-------------------------|----------------------|--------------------|
| \$4,285,000 Senior Lien Tax Increment Revenue Refunding Bonds, dated August 30, 2005, due in annual installments of \$180,000 to \$355,000 beginning December 30, 2005 through December 30, 2021 plus interest at 3.75% to 5.00% due each June 30 and December 30. | Geneva<br>Crossing<br>TIF | \$<br>3,310,000   | \$  | -       | \$<br>210,000           | \$<br>3,100,000      | \$<br>220,000      |
| TOTAL  |                           | \$<br>3,310,000   | \$  | -       | \$<br>210,000           | \$<br>3,100,000      | \$<br>220,000      |

### b. Loans Payable

The Village entered into two loans payable to provide funds for the acquisition/construction of capital assets. The loans payable were issued for business-type activities. Therefore, the liabilities are reported in the business-type column. The loans payable currently outstanding are as follows:

| Issue  | Fund Debt<br>Retired by | Balances<br>May 1 | Additions | Reductions | Balances<br>April 30 | Current<br>Portion |
|--|-------------------------|-------------------|-----------|------------|----------------------|--------------------|
| \$7,550,954 EPA Loan II dated<br>August 28, 2002 at 2.57%<br>simple interest rate*   | Water<br>and<br>Sewer   | \$ 4,965,010      | \$ -      | \$ 302,983 | \$ 4,662,027         | \$ 310,821         |
| \$639,569 installment contract dated September 1, 2007 at 2.00% simple interest rate | Water<br>and<br>Sewer   | 637,569           | -         | -          | 637,569              | <u> </u>           |
| TOTAL  |                         | \$ 5,602,579      | \$ -      | \$ 302,983 | \$ 5,299,596         | \$ 310,821         |

<sup>\*</sup> The total amount of the loan authorized by the EPA was \$7,550,954; however, the Village only requested funds in the amount of \$6,541,992 (including accrued interest of \$252,254).

### c. Capital Leases

The Village is committed under leases for various vehicle and equipment purchases as follows:

| Issue     | Fund Debt<br>Retired by | ]  | Balances<br>May 1 | A  | Additions Reductions |   |    |        |    | Balances<br>April 30 | <br>Current<br>Portion |
|-----------|-------------------------|----|-------------------|----|----------------------|---|----|--------|----|----------------------|------------------------|
| Equipment | General                 | \$ | 42,100            | \$ | -                    | - | \$ | 21,050 | \$ | 21,050               | \$<br>21,050           |
| TOTAL     |                         | \$ | 42,100            | \$ | -                    | - | \$ | 21,050 | \$ | 21,050               | \$<br>21,050           |

The Village entered into a capital lease during the year ended April 30, 2009 for computer equipment at a gross cost of \$84,200. The total lease payable was \$84,200, and is payable in four annual payments of \$21,050 beginning in fiscal year 2009 at 0% interest.

# d. Debt Service Requirements to Maturity

Annual debt service requirements to maturity are as follows:

| Fiscal   |    |          |              |      |       |        |                               |           |    |          |    |           |  |

<sup>\*</sup> The Water and Sewer Fund has typically been used in prior years to liquidate the compensated absences payable.

### g. Legal Debt Margin

The Village is a home rule municipality.

Chapter 65, Section 5/8-5-1 Illinois Compiled Statutes governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property ...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: ...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum... shall not be included in the foregoing amounts."

To date the General Assembly has set no limits for home rule municipalities.

#### h. Senior Lien Tax Increment Revenue Bonds Series 2005

The ordinance authorizing the issuance of \$4,285,000 of Senior Lien Tax Increment Revenue Bonds Series 2005 provided for the creation of separate funds designated as the Special Tax Allocation Fund and the Incremental Sales Tax Fund. All of the incremental property taxes and any other revenues from any source other than incremental sales taxes shall be deposited into the Special Tax Allocation Fund. All of the incremental sales taxes shall be deposited into the Incremental Sales Tax Fund.

All amounts deposited into the Special Tax Allocation Fund shall be allocated to the following accounts in the priority listed:

The Program Expense Account - There is hereby created a special account to be known as the Program Expense Account. The amount deposited into the Program Expense Account is the amount necessary to pay program expenses for the current and succeeding bond year. The remainder will then be deposited into the following account:

The Senior Lien Principal and Interest Account - There is hereby created a special account to be known as the Senior Lien Principal and Interest Account. The amount deposited into the account is the amount necessary to pay the principal and interest requirements due subsequent to January 1. The monies deposited into this account can be used only to pay the outstanding principal and interest on the bonds. The remainder, if any, will then be deposited into the following account:

h. Senior Lien Tax Increment Revenue Bonds Series 2005 (Continued)

The Senior Lien Reserve Account - There is hereby created a special account to be known as the Senior Lien Reserve Account. The amount deposited into the account is the debt service reserve requirement, which is equal to 150% of the average annual debt service of the bonds, excluding the final payment due December 30, 2021. The monies deposited into the account shall be used to replace any deficiency in the Senior Lien Principal and Interest Account and to pay the final principal and interest maturing December 30, 2021. The remainder, if any, will then be deposited into the following account:

The Junior Lien Principal and Interest Account - There is hereby created a special account to be known as the Junior Lien Principal and Interest Account. The amount deposited into the account is the principal and interest requirements for any junior lien bonds due the subsequent January 1. The monies deposited into this account can be used only to pay the outstanding principal and interest on the junior lien bonds and to replenish any deficiencies in the Senior Lien Principal and Interest Account and the Senior Lien Reserve Account. The remainder, if any, shall be deposited into the following account:

The Junior Lien Reserve Account - There is hereby created a special account to be known as the Junior Lien Reserve Account. The amount deposited into the account is the debt service reserve requirement, if any, on the junior lien bonds, determined upon issuance of said bonds. The monies deposited into the account shall be used to replace any deficiency in the Junior Lien Principal and Interest Account, the Senior Lien Reserve Account and the Senior Lien Principal and Interest Account. The remainder, if any, shall be deposited into the following account:

The General Account - There is hereby created a special account to be known as the General Account. The monies deposited into this account shall be used first to replenish any deficiencies in the accounts listed above, with any remainder used for the following purposes:

- 1. For the purpose of paying any project costs, including but not limited to the payment of debt service on obligations issued subordinate to the bonds, any additional bonds or any junior lien bonds; or
- 2. For the purpose of redeeming outstanding bonds; or
- 3. For the purpose of purchasing outstanding bonds at a price not in excess of par and accrued interest and applicable redemption premium to the date of purchase; and

- h. Senior Lien Tax Increment Revenue Bonds Series 2005 (Continued)
  - 4. Thereafter, shall be used by the Village for one or more of the following purposes, without any order of priority among them:
    - a. For the purpose of refunding, advance refunding or prepaying any outstanding bonds;
    - b. For the purpose of establishing such additional reserves as may be deemed necessary by the corporate authorities;
    - c. For the purpose of reimbursing the Village for any advances from its general corporate funds made in connection with the bonds, any additional bonds, any junior lien bonds, the plan, the project or the area;
    - d. For the purpose of distributing funds to the taxing districts or municipal corporation having power to tax real property located in the area, in accordance with the act; or
    - e. For any other purpose set forth under the plan or the project as may be authorized under the act.

All Incremental Sales Taxes are to be deposited into the Incremental Sales Tax Fund and shall be allocated to the following accounts in the priority listed:

The Village Contribution Account - There is hereby created a special account to be known as the Village Contribution Account. The monies deposited into this account are restricted for any village contribution to be made to the Special Tax Allocation Fund and related accounts for any deficiencies in accordance with the bond ordinance. The remainder, if any, shall be deposited into the following account:

The Village Account - There is hereby created a special account to be known as the Village Account. The monies shall be deposited into this account until such time as the account balance equals \$100,000 which may then be transferred to the Village to be used for any purpose.

#### i. Conduit Debt

The Village has issued Industrial Development Revenue Bonds (IDRBs) to provide financial assistance to private organizations for the construction and acquisition of industrial and commercial improvements deemed to be in the public interest. The bonds are secured solely by the property financed and are payable solely from the payments received on the underlying mortgage loans on the property. The Village is not obligated in any manner for the repayment of the bonds. Accordingly, the bonds outstanding are not reported as a liability in these financial statements.

As of April 30, 2011, there were three IDRBs outstanding. The aggregate principal amount payable for the two series which could be determined was \$1,613,650. The aggregate principal payable for the one other series of IDRBs could not be determined; however, their original issue amounts totaled \$6,200,000.

#### 6. INDIVIDUAL FUND DISCLOSURES

The composition of interfund balances as of April 30, 2011 is as follows:

#### Due From/To Other Funds

| Receivable Fund   | Payable Fund  | Payable Fund Amou |                         |
|---|---|-------------------|-------------------------|
| General Corporate<br>Nonmajor Governmental<br>Water and Sewer | Water and Sewer<br>General Corporate<br>General Corporate | \$                | 93,514<br>94,338<br>108 |
| TOTAL   |   | \$                | 187,960                 |

Significant interfund receivable/payables are as follows:

- \$93,514 due from the Water and Sewer Fund to the General Fund is the result of disbursement of Water and Sewer Fund invoices from the General Fund pursuant to Village policy.
- \$94,338 due from the General Corporate Fund to the Nonmajor Governmental (Geneva Crossing TIF Fund) is for anticipated sales tax recorded in the General Corporate Fund.

### 6. INDIVIDUAL FUND DISCLOSURES (Continued)

The following transfers were recorded during the fiscal year ended April 30, 2011:

| Fund Transferred From | Fund Transferred To   | 1  | Amount  |  |
|-----------------------|-----------------------|----|---------|--|
| General Corporate     | Nonmajor Governmental | \$ | 212,764 |  |
| TOTAL                 |                       | \$ | 212,764 |  |

Significant interfund transfers are as follows:

 \$212,764 transferred from the General Corporate Fund to the Geneva Crossing TIF Fund is for sales taxes recorded in the General Corporate Fund earned on the TIF property.

Advances to/from other funds at April 30, 2011 consisted of the following:

| Advance From  | Advance To | F  | Amount |  |
|---------------|------------|----|--------|--|
| Water & Sewer | General    | \$ | 86,054 |  |
| TOTAL         |            | \$ | 86,054 |  |

Significant advance to/from is as follows:

• \$86,054 transferred from the Water & Sewer Fund to the General Corporate Fund. This amount will be repaid within a period of five years with interest to be paid at a rate determined annually on the anniversary date of the loan using the Illinois Funds rate plus 125 basis points.

#### 7. COMMITMENTS - DUPAGE WATER COMMISSION

The Village is a customer of the DuPage Water Commission (the Commission), and has executed a water supply contract (the Contract) with the Commission for a term ending in 2024. The Contract provides that the Village pay its proportionate share of "fixed costs" (debt service and capital costs) estimated at \$900,000 per year through fiscal year ending April 30, 2013 to the Commission, such obligation being unconditional and irrevocable whether or not water is ever delivered. The Village has established that these costs will be capitalized until delivery of water, at which time the costs will be amortized using the straight-line method over the remaining term of the contract. During the fiscal year ended April 30, 1993, the Village began receiving water from the Commission, thus fixed costs are now expensed along with the other "operation and maintenance" charges from the Commission. The fixed costs are estimates which have been calculated using the Village's current allocation percentage of 4.42%. In future years, the estimates and the allocation percentage will be subject to change. Estimates for the remaining years of the contract are not currently available. However, the Village does not expect the minimum amounts for the remaining years of the contract to materially vary from the amount presented above.

#### 8. RISK MANAGEMENT

### a. Intergovernmental Personnel Benefit Cooperative (IPBC)

The Village participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi governmental and nonprofit public service entities.

IPBC maintains specific reinsurance coverage for claims in excess of \$50,000 per individual employee participant. The Village pays premiums to IPBC based upon current employee participation and its prior experience factor with the pool. Current year overages or underages for participation in the pool are adjusted into the subsequent years experience factor for premiums.

The IPBC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers: a Benefit Administrator and a Treasurer. The Village does not exercise any control over the activities of the IPBC beyond its representation on the Board of Directors.

#### b. Intergovernmental Risk Management Agency (IRMA)

The Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an insurance pool whose members are Illinois municipalities. IRMA manages and funds first party property losses, third party liability claims, workers' compensation claims and public officials' liability claims of its member municipalities. The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds.

Each member assumes the first \$10,000 of each occurrence, and IRMA has self-insurance retentions at various amounts above that level. There have been no significant changes from the prior year and settlements have not exceeded coverage in any of the prior three years.

Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers, a Risk Manager and a Treasurer. The Village does not exercise any control over the activities of IRMA beyond its representation on the Board of Directors.

#### 8. RISK MANAGEMENT

### b. Intergovernmental Risk Management Agency (IRMA) (Continued)

Initial contributions are determined in advance of each membership year based on the individual member's eligible revenue as defined in the by-laws of IRMA and assessment factors based on past member experience and the funding need for the membership year. The Board of Directors may require that supplemental contributions be made by members to ensure adequate funds are available to meet the obligations applicable to the membership year. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. The Village is not aware of any additional amounts owed to IRMA at April 30, 2011 for the current or prior claim years.

#### 9. CONTINGENT LIABILITIES

#### a. Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Village's attorney that resolution of these matters will not have a material adverse effect on the financial condition of the Village.

#### b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

#### c. DuPage Water Commission

The Village's water supply agreement with the Commission provides that each customer is liable for its proportionate share of any costs arising from defaults in payment obligations by other customers.

### 9. CONTINGENT LIABILITIES (Continued)

### d. Economic Development Agreement

The Village entered into an economic development agreement dated July 21, 2003, with a retailer to reimburse the retailer the cost of extraordinary site development costs. The agreement requires the Village to rebate to the retailer (after certain benchmarks are achieved) 70% of the sales taxes each calendar year. The maximum amount to be rebated by the Village from sales tax revenues generated by the development is \$700,000 over 15 years. The total rebates incurred to date as of April 30, 2011 was \$501,499. A liability of \$10,477 has been recorded as of April 30, 2011.

#### DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system and the Police Pension Plan which is a single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. None of the pension plans issue separate reports on the pension plans. However, IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

#### a. Plan Descriptions

#### Illinois Municipal Retirement Fund

All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

#### a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after 10 years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with 10 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute. Participating members are required to contribute 4.5% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the calendar year 2010 was 11.80% of covered payroll.

#### Police Pension Plan

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund. At April 30, 2011, the Police Pension Plan membership consisted of:

| Retirees and Beneficiaries Currently Receiving Benefits | 20 |
|---|----|
| Terminated Employees Entitled to Benefits but not       |    |
| Yet Receiving Them                                      | 1  |
| Current Employees                                       |    |
| Vested  | 45 |
| Nonvested   | 17 |
|   |    |
| TOTAL   | 83 |
|   |    |

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75.00% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3.00% of the original pension and 3.00% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3.00% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75.00% of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e. ½% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1<sup>st</sup> after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3.00% or ½ of the change in the Consumer Price Index for the proceeding calendar year. Benefits and refunds are recorded when due in accordance with the terms of the plan.

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. Contributions are recorded when due in accordance with statutory requirements. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. For the year ended April 30, 2011, the Village's contribution was 25.3% of covered payroll.

# b. Significant Investments

There are no significant investments (other than U.S. Government guaranteed obligations) in any one organization that represent 5.00% or more of plan net assets for the Police Pension Plan except for four mutual funds comprising approximately 5.4%, 7.16%, 7.42% and 5.56% of plan net assets, respectively. Information for IMRF is not available.

### c. Annual Pension Costs

The annual pension costs (APC) and the net pension obligation (asset) (NPO) as of April 30, 2011 were derived from the actuarial valuations performed as of the dates and using the assumptions noted below:

|  | Illinois<br>Municipal<br>Retirement | Police<br>Pension               |  |  |  |
|--|-------------------------------------|---------------------------------|--|--|--|
| Actuarial Valuation Date   | December 31, 2008                   | April 30, 2010                  |  |  |  |
| Actuarial Cost Method  | Entry-age Normal                    | Entry-age Normal                |  |  |  |
| Asset Valuation Method   | 5 Year Smoothed Market              |                                 |  |  |  |
| Amortization Method  | Level Percentage of Payroll         | Level Percentage<br>of Payroll  |  |  |  |
| Amortization Period  | 30 Years, Open                      | 23 Years, Closed                |  |  |  |
| Significant Actuarial Assumptions a) Rate of Return on Present and Future Assets | 7.50%<br>Compounded<br>Annually     | 7.75%<br>Compounded<br>Annually |  |  |  |

| return Contribution           | 2010   | Ψ         | 701,931   | Ψ  | 955,957   |
|                               | 2011   |           | 719,263   |    | 1,256,813 |
|                               |        |           |           |    |           |
| Percentage of APC Contributed | 2009   |           | 100.00%   |    | 101.4%    |
|                               | 2010   |           | 100.00%   |    | 101.0%    |
|                               | 2011   |           | 100.00%   |    | 100.8%    |
| NPO (Asset)                   | 2009   | \$        | -         | \$ | (346,495) |
|                               | 2010   |           | -         |    | (356,226) |
|                               | 2011   |           | -         |    | (365,587) |

The net pension obligation (asset) has been calculated as follows for the year ended April 30, 2011:

|  | <br>Police<br>Pension                 |  |
|--|---------------------------------------|--|
| Annual Required Contribution Interest on Net Pension Obligation Adjustment to Annual Required Contribution | \$<br>1,256,813<br>(27,608)<br>18,247 |  |
| Annual Pension Cost<br>Contributions Made  | <br>1,247,452<br>1,256,813            |  |
| (Increase) Decrease in Net Pension Asset<br>Net Pension Obligation (Asset), Beginning of Year              | <br>(9,361)<br>(356,226)              |  |
| NET PENSION OBLIGATION (ASSET), END OF YEAR  | \$<br>(365,587)                       |  |

#### d. Funded Status

The funded status of the plans as of April 30, 2011, based on actuarial valuations performed as of April 30, 2011 for the police plan and as of December 31, 2010 for IMRF, is as follows. The actuarial assumptions used to determine the funded status of the plans are the same actuarial assumptions used to determine the employer APC of the plans as disclosed in Note 10c, except as follows:

|  |   | Police<br>Pension                                       |  |  |
|--|---|---|--|--|
| Actuarial Cost Method  | Entry-age Nor   |   |  |  |
| Asset Valuation Method   | Market  |   |  |  |
| Amortization Method  |   | Level Percentage<br>of Payroll                          |  |  |
| Amortization Period  |   | 30 Years, Closed  |  |  |
| Significant Actuarial Assumptions a) Rate of Return on Present and Future Assets   |   | 7.25%<br>Compounded<br>Annually                         |  |  |
| b) Projected Salary Increase - Attributable to Inflation   |   | 6.25%<br>Compounded<br>Annually                         |  |  |
| c) Additional Projected Salary Increases - Seniority/Merit   |   | 3.00%   |  |  |
|  | Illinois<br>Municipal<br>Retirement                                     | Police<br>Pension                                       |  |  |
| Actuarial Accrued Liability (AAL) Actuarial Value of Plan Assets Unfunded Actuarial Accrued Liability (UAAL) Funded Ratio (Actuarial Value of Plan Assets/AAL) Covered Payroll (Active Plan Members) UAAL as a Percentage of Covered Payroll | \$ 20,212,99<br>12,254,68<br>7,958,31<br>60.63<br>\$ 7,901,61<br>100.72 | 29,730,771<br>6 14,004,756<br>% 68.0%<br>6 \$ 4,974,294 |  |  |

See the schedules of funding progress in the required supplementary information immediately following the notes to financial statements for additional information related to the funded status of the plans.

#### 11. OTHER POSTEMPLOYMENT BENEFITS

#### a. Plan Description

In addition to providing the pension benefits described, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's governmental and business-type activities.

#### b. Benefits Provided

The Village provides continued health insurance coverage at the active employee rate to all eligible employees in accordance with Illinois statutes, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the retiree can choose to not participate in the plan or continue under the Village's plan at a Medicare supplement rate.

### c. Membership

At April 30, 2010, membership consisted of:

| Retirees and Beneficiaries Currently Receiving |     |
|--|-----|
| Benefits                                       | 13  |
| Terminated Employees Entitled                  |     |
| to Benefits but not yet Receiving Them         | -   |
|  |     |
| Active Employees                               | 146 |
|  |     |
| TOTAL  | 159 |
|  |     |
| Participating Employers                        | -   |

### d. Funding Policy

The Village is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

### 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

### e. Annual OPEB Costs and Net OPEB Obligation

The Village's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the last three years are as follows:

| Fiscal<br>Year<br>Ended                            | Annual<br>OPEB<br>Cost              | Percentage of Employer Annual OPEB Contributions Cost Contributed |                            |    | Net OPEB<br>Obligation        |  |  |
|--|-------------------------------------|---|----------------------------|----|-------------------------------|--|--|
| April 30, 2009<br>April 30, 2010<br>April 30, 2011 | \$<br>123,321<br>130,019<br>158,717 | \$<br>41,504<br>51,927<br>58,293                                  | 33.75%<br>39.94%<br>36.73% | \$ | 274,220<br>352,312<br>452,736 |  |  |

The net OPEB obligation as of April 30, 2011 was calculated as follows:

| Annual Required Contribution Interest on Net OPEB Obligation Adjustment to Annual Required Contribution | \$<br>156,370<br>14,092<br>(11,745) |
|---|-------------------------------------|
| Annual OPEB Cost<br>Contributions Made  | <br>158,717<br>58,293               |
| Increase in Net OPEB Obligation<br>Net OPEB Obligation, Beginning of Year                               | <br>100,424<br>352,312              |
| NET OPEB OBLIGATION, END OF YEAR  | \$<br>452,736                       |

Funded Status and Funding Progress. The funded status of the plan as of the April 30, 2010 actuarial valuation was as follows:

| Actuarial Accrued Liability (AAL)                 | \$<br>1,586,936  |
|---|------------------|
| Actuarial Value of Plan Assets                    | -                |
| Unfunded Actuarial Accrued Liability (UAAL)       | 1,586,936        |
| Funded Ratio (Actuarial Value of Plan Assets/AAL) | 0.00%            |
| Covered Payroll (Active Plan Members)             | \$<br>10,528,934 |
| UAAL as a Percentage of Covered Payroll           | 15.07%           |

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the AALs for benefits.

### 11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

e. Annual OPEB Costs and Net OPEB Obligation (Continued)

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the May 1, 2010 actuarial valuation, the entry-age normal actuarial cost method was used. The actuarial assumptions included a 4.00% investment rate of return and an initial healthcare cost trend rate of 8.5% with an ultimate healthcare inflation rate of 4.5%. Both rates include a 3.0% inflation assumption. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at April 30, 2011 was 29 years.

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

April 30, 2011

#### 1. BUDGETS AND BUDGETARY ACCOUNTING

On or before November 30 of each year, all departments of the Village submit requests for budgets to the Village Manager so that a budget may be prepared. Before March 31, the proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from or change the budget, but may not change the form of the budget. A final budget must be prepared and adopted no later than April 30.

The budget is prepared by fund, department and program and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. The administrator is authorized to transfer budgeted amounts within any department; however, transfers between departments or any revisions that alter the total expenditures of any department or any fund must be approved by the governing body. During the year, several budget amendments were necessary. The amounts reflected in the financial statements represent the original and the final amended budget.

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted (at the department level) for the governmental, proprietary and the fiduciary funds. The annual appropriated budget is legally enacted and provides for a legal level of control at the department level. All annual budgets lapse at fiscal year end.

| Village of Carol Stream | Public Employees Position Schedule | ea | 5,000 ach position | 11/1/11                   |

The Village participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi governmental and nonprofit public service entities. IPBC pays each member's claims and purchases excess risk coverage.

The Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA manages and funds first-party property losses, third party liability claims, workers' compensation claims and public officials' liability claims of its member municipalities.

Member deductibles, self-insured retentions and excess coverages are as follows:

|                                |    |           |    |             | Ex  | cess Maximum     |

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE OF ILLINOIS PUBLIC ACT 85-1142

The Honorable Mayor Members of the Board of Trustees Village of Carol Stream, Illinois

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Carol Stream, Illinois (the Village) as of and for the year ended April 30, 2011, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated August 30, 2011. The financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on the eligibility for costs incurred incidental to the implementation of the redevelopment plan and redevelopment projects associated with the Geneva Crossing TIF District pursuant to Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act.

Our audit was made in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The Village of Carol Stream, Illinois' management is responsible for the Village's compliance with laws and regulations. In connection with our audit referred to above, we selected and tested transactions and records to determine the Village's compliance with State of Illinois Public Act 85-1142, "An Act in Relation to Tax Increment Financing."

The results of our test indicated that for the items tested, the Village of Carol Stream, Illinois complied with Subsection (q) of Section 11-74.4-3 of Public Act 85-1142.

Aurora, Illinois August 30, 2011

# STATISTICAL SECTION

# STATISTICAL SECTION

This part of the Village of Carol Stream, Illinois' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

| Contents  | <u>Page</u> |
|---|-------------|
| Financial Trends  These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.  | 122-130     |
| Revenue Capacity  These schedules contain information to help the reader assess the Village's most significant local revenue source, the sales tax.   | 131-133     |
| Debt Capacity  These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.                            | 134-137     |
| Demographic and Economic Information  These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.                                       | 138-139     |
| Operating Information  These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs. | 140-144     |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

#### Audited Financial Statements

<sup>&</sup>lt;sup>1</sup> Committed Fund Balance 2004-2006, previously classified unreserved designated for contingency is for pending class action lawsuit relating to the infrastructure maintenance fee collected during 1998-2002. Resolution of the class action lawsuit during the fiscal year 2007. Resulting in the \$59,598 reserve of fund balance. The reserve is to be used for certain types of programs or projects that were previously unfunded by the Village.

<sup>&</sup>lt;sup>2</sup> Committed Fund Balance, previously classified as Unreserved designated for capital outlay is to be used for the CIP Fund created in fiscal year 2006.

<sup>&</sup>lt;sup>3</sup> The committed fund balance is designated for Tree Replacement of ash trees infected with the Emerald Ash Borer. Fiscal years 2009-2012 \$64,150/year has been allocated to replace infested trees. Fiscal years 2013-2016 \$72,750/year will be allocated.

### Audited Financial Statements

<sup>&</sup>lt;sup>1</sup> Sales Tax Revenue declined during 2002 and 2003 because two major businesses changed their point of sale to different towns. However, their operations remained in Carol Stream, but the sales tax revenue was received by the city/village where the point of sale was recorded.

#### Data Source

Illinois Department of Revenue

Data available for calendar year only

<sup>&</sup>lt;sup>1</sup> Data by category is not available from the State of Illinois for categories with less than four taxpayers. However, they are included in the totals for 2001 and 2002. Per the State of Illinois, there must not have been four taxpayers during the years 2001 and 2002.

<sup>&</sup>lt;sup>2</sup> Sales Tax Revenue declined during 2002 and 2003 because two major businesses changed their point of sale to different towns. However, their operations remained in Carol Stream, but the sales tax revenue was received by the city/village where the point of sale was recorded.

Note: Details of the Village's outstanding debt can be found in the notes to financial statements.

- <sup>2</sup> Refunded 1997 tax increment financing bonds by issuing on August 30, 2005 senior lien tax refunding bonds in the amount of \$4,285,000. This debt is not a general obligation of the Village and is secured incremental tax revenue generated by the district.
- <sup>3</sup> Borrowed \$637,569 from the Dupage Water Commission to finance the connection to the Village's water system for residents with contaminated wells located in an unicorporated area of Dupage County, surrounding the Village of Carol Stream. The Village of Carol Stream will be repaid by Dupage County through an SSA.

<sup>\*</sup> See the schedule of Demographic and Economic Information on page 138 for personal income and population data.

During 2004, the Village retired the 1991 IEPA Revolving Loan of \$10.3 million. The proceeds of the 1991 loan were used to acquire Water and Sewer System capital assets. The Village also received \$7.6 million IEPA loan under the revolving loan program to construct the Water Reclamation Center.

<sup>&</sup>lt;sup>4</sup> Village entered into a capital lease for computer equipment at a gross cost of \$84,200. The lease is payable in four annual payments at 0% interest.

<sup>(1)</sup> Determined by ratio of assessed valuation of property subject to taxation in the Village of Carol Stream to valuation of property subject to taxation in overlapping unit.

### Data Source

DuPage County Clerk

Determined by ratio of assessed value of property subject to taxation in the Village to value of property subject to taxation in the overlapping unit. Includes the Village of Carol Stream Library.

<sup>&</sup>lt;sup>2</sup> Tax increment financing (TIF) debt is secured by the incremental taxes collected from the respective districts and are not the general obligations of the Village. Therefore, TIF debt is not included as direct debt of the Village but overlapping debt.

### SCHEDULE OF LEGAL DEBT MARGIN

April 30, 2011

The Village is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property.. (2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: ...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the General Assembly has set no limits for home rule municipalities.
